

PERMIT FEES (*MAKE CHECK PAYABLE TO: DIVISION OF WATER QUALITY*)

The permit fee is \$500 (or is prorated) and must be submitted with the NOI to authorize immediate coverage under the permit. This provides five years of coverage under the permit (unless prorated). The minimum fee is \$100 for 12 months of coverage; additional years are calculated at \$100.00 each. The permit can be prorated on a yearly basis.

Permittees that have a new facility that began operating after the date that the Multi-Sector General Permit was issued, will be prorated from the day they began operations until the expiration date of the Permit.
